I. GENERAL INSTRUCTIONS

You are a Settlement Class Member if you are a living individual residing in the United States who was sent a notice of the Arcare, Inc. Data Incident indicating that your Private Information may have been impacted. The unauthorized access to or acquisition of Private Information that Arcare discovered on or about February 24, 2022, is referred to as the "Data Incident."

The Settlement establishes a $3,900,000 Settlement Fund to pay Settlement Class Member Benefits to Settlement Class Members who submit Valid Claims, Settlement Administration Costs, and any attorneys' fees, costs, and Service Awards approved by the Court. As a Settlement Class Member, you may elect either Cash Payment A – Documented Losses, or Cash Payment B – Alternate Cash. You may also elect Medical Data Monitoring in addition to either cash option. **You must submit a completed Claim Form to receive Settlement Class Member Benefits.** Cash Payments may be increased or decreased on a pro rata basis depending on the number and value of Valid Claims and the amount available in the Net Settlement Fund.

The benefits are as follows:

a. Cash Payment A – Documented Losses

All Settlement Class Members are eligible to submit a claim for a Cash Payment for Documented Losses for up to $5,000 per Settlement Class Member upon presentment of reasonable documentation of losses related to the Data Incident. Documented expenses include, by way of example, unreimbursed losses relating to fraud or identity theft: if (i) the loss is an actual, documented, and unreimbursed monetary loss; (ii) the loss was more likely than not caused by the Data Incident; and (iii) the loss was incurred after the date of the Data Incident. To receive payment for documented losses, a Settlement Class Member must complete and submit a Claim Form and include documentation in support of the Claim. Except as expressly provided herein, personal certifications, declarations, or affidavits from the Settlement Class Member do not constitute proper documentation but may be included to provide clarification, context, or support for other submitted reasonable documentation. Settlement Class Members shall not be reimbursed for expenses if they have been reimbursed for the same expenses by another source, including compensation provided in connection with any credit monitoring and identity theft protection product. If a Settlement Class Member does not submit documentation supporting a loss, or if the Settlement Administrator rejects for any reason the Settlement Class Member's Claim and the Settlement Class Member fails to cure the Claim, the Claim will be rejected.

b. Cash Payment B – Alternate Cash

As an alternative to Cash Payment A above, a Settlement Class Member may elect to receive Cash Payment B, which is a cash payment in the estimated amount of $100.

c. Medical Data Monitoring

In addition to Cash Payment A or Cash Payment B, Settlement Class Members may also make a Claim for Medical Data Monitoring that includes one year of CyEx's Medical Shield Complete. The product includes credit monitoring with one bureau, with additional monitoring of: (a) healthcare insurance plan IDs, healthcare beneficiary identifier ID; (b) medical records; (c) national provider identifier; (d) international classification of disease; (e) health savings account; (f) high risk; and (g) Dark Web. The product also provides for $1,000,000 of identity theft insurance and contains real-time alerts and victim assistance.
